Charity Sale

I recently took part in the charity sale. The aim of the event was to encourage the community to raise funds for the disadvantaged.

The charity sale was held from 8:00 to 16:00 on 2nd October in Nam Wah Catholic Secondary School's playground. About one thousand people took part. In the event, we sold many things like clothes, shoes, hats, pens, notebooks etc. We also had a lucky draw and played many games. I think the charity sale was interesting and fairly successful because a lot of people took part and everyone had a great time. We raised about eight thousand dollars and all the proceeds went to Friend of the world and Hong Kong Red Cross to help the poor, disabled people, sick people and homeless people.

Taking part in the charity sale made me realize that many people are in need in the society. I am planning to take part in Dress Causal Day, Charity Concert and Flag Day. I hope that I could encourage more people to take part in charity events as to help the people in need and to make our society better.
