

# Chinese New Year

My favourite Chinese festival is Chinese New Year. There are so many things to enjoy on this Chinese festival: go to flower market, eat vegetarian food and watch fire dragon dance. My favourite activity is getting red packets!

First, I go with my family to the flower market. In the flower market, there are many fun things to buy. And we can see the fire dragon dance. It is so interesting!

Second, we go home and eat festive food, like vegetarian food. It is so yummy!

Finally, we can get red packets! (92 words)
