School Trip to Guangzhou

17/9/2011

Hiya everyone! Sorry I haven't updated the blog since last week but I've been to Guangzhou with my classmates and teachers. We went there from Lok Ma Chau by bus. The journey from HK to Guangzhou took 2 hours, so everyone slept on the bus. There were lots of trees and buildings on both sides of the road. After 2 hours, we arrived at Guangzhou. The city is famous for its architecture and the area is renowned for its unspoiled natural beauty. It's so beautiful! I like it very much.

First, we went to the museum. There were many different cultures. Also, it was exciting to look at traces of earlier civilizations at the museum. I learned a lot about the history of China there.

Second, we went to eat Guangzhou food. It was very delicious. All of us are very happily. But the time we had for the meal was too short, so we had to eat quickly. At the other table, my classmates sang the school song during the meal. We enjoyed the time very much.

After lunch, we went on a shopping spree. We went to a shopping centre. It was a very big centre and there were many things we could buy. For example, the latest gear, toys, souvenirs, etc. I love shopping and things there were a lot cheaper than in Hong Kong. I bought so many things.

Finally, we came back to HK, also by bus. During the ride, someone sang a song - everybody burst out laughing. I enjoyed the school trip very much. I've had the best time ever. I definitely want to go to Guangzhou again.
