

Dear Canny,

How are things going? Guess what I did at this weekend? I want to share a story with you in this email.

The title of the story is called 'Dracula'. This story's main characters are called Dracula and Johnson. This story is about a guy called Johnson, whose job is selling houses to people. He is going to a castle which people say is the house of an old vampire called Dracula. When he hears that, he is a little frightened but he thinks the vampire called Dracula is just a legend. Anyway, he still needs to go there with a frightened heart because that is his job. He arrived there finally and the ending will surprise and your normal sense of logic. If you want to have a look at this book, I can lend it to you. By the way, this book is a ghost story and an urban legend. The setting is in a spooky castle and the plot is quite good. I think you will like it.

I like urban legend and ghost story most. It is because the plot and the ending always are unpredictable and you need to think about the story with your imagination. I think that can release our stress.

Well, if there are any good reads, please tell me or share them with me. Please write back soon.

Regards,

Elvis
