

My Dream School

Sham Shui Po Secondary School

Our facilities

It is a modern and friendly school in Sham Shui Po. There are 1,000 students at our school. We have a playground and a huge hall for our assembly. There are three buildings and the colours are white and blue. The library is next to the covered playground. It has a lot of books in it. Our classrooms are bright and beautiful. There are blackboards, air-conditioners, chairs and desks in each classroom

School activities

There are many clubs at our school. For example, Boy Scouts, Art Club, Astronomy Club and Film Club. The club members meet on Wednesday afternoons. You can study in the library, do club activities, buy food from the tuck shop and play with friends. Students go to the laboratory, Art Room, Music Room and Dance Room for the activities. There is a basketball court at our school. We have a badminton court inside the school hall. All the students enjoy doing activities after school.

Our open day is on 28th August.

Come and visit our school! Call 1234 – 5678 for more information.
