Individual Presentation - My Vacation

Good morning. Today I am going to talk about my vacation. My favourite city is Vancouver. I went there last summer with my family. I like this place. My sister lives there, so my family went over to visit my sister. We went shopping and ate delicious food. Vancouver's food was very fresh and very good. Vancouver people were very nice and friendly. The clothes were very beautiful and special. I will go back again because Vancouver is a good place.
